SPEAKING THEMES

Take Charge of Your Development

For everyone. How to stay abreast of trends and developments, build your network and learn continuously. Topics range from *Look Up! Look Out!* keynote to specific skills and practices, and guided professional development planning.

Develop Your People While They Work

For leaders and managers. You have more influence on the development of your people than anyone. Identify what you can do to develop your people while they work, building relationships and improving performance.

Modernising Organisational Learning

For L&D, OD, and HR teams. Equip yourself with mindset, skillset and toolset to transform learning in your organisation, support continuous learning and build learning culture.

BIO

A globally recognised modern learning practitioner and inspiring speaker.

Inspiring and guiding people to take charge of their own development and equipping leaders and learning practitioners to transform learning in their teams and organisations.
